Dear Senior Parents and Students,

Congratulations on making it this far! In less than five months, the senior class will be graduating and preparations for this joyous occasion have already begun.

Mr. Patch's Video Production class is continuing the tradition of creating a video yearbook as a tribute to the senior class and their long journey throughout the years.

Over the past few months, the video yearbook editors have thought up creative ways to portray these memories. We have developed a unique way to celebrate each and every senior in the video that requires the need for one baby picture from each senior. We also need various group photos. With your permission, all of these pictures will be scanned and returned as soon as possible. It would be greatly appreciated if these pictures could be dropped off to Mr. Patch in Room 107 as soon as possible. If you have pictures in digital format you may hand it in a portable flash drive. These should be original / high resolution photos.

The group photos that we mentioned above should focus on various group photos from elementary, middle and high school. In order for the video yearbook to be diverse, we are asking all seniors to supply the video yearbook staff with these kinds of pictures and possibly videos that capture moments of their journey throughout childhood. Again, we will return everything that is submitted. With virtually every senior submitting pictures we cannot guarantee that every picture will be part of the final product. It is our intent for the video to be as diverse as possible.
